

Project Description

- Up to approximately 22 miles of 138kV transmission line
- A 500-foot-wide corridor will be requested, and within that corridor a 100-foot-wide right-of-way would be obtained
- Approximately 3+ acres of land for construction, operation, and maintenance for proposed Rosemont Substation, western-most switchyard/substation, Greaterville, Helvetia Road/46kV temporary interconnection
- Three connection points
 - New switchyard/substation for connection to TEP system
 - New Rosemont switchyard/substation at Rosemont operations
 - Greaterville Substation or temporary switchyard/substation interconnection (Helvetia Road & 46kV intersection) for construction power and possible long-term reliability purposes
