Franklin Energy is a Tucson Electric Power authorized contractor responsible for implementing this program through December 31, 2024.

The Residential Insulation Program (Program) is approved by the Arizona Corporation Commission and implemented by Tucson Electric Power (TEP). TEP in turn contracts with Franklin Energy to administer the Program. The Program is funded by TEP customers as a part of their utility rates. Program funds, including any funds utilized for rebates or incentives, will be allocated on a first-come, first-served basis until such funds are no longer available. This Program may be modified or terminated without prior notice. Customers who choose to participate in this Program are not obligated to purchase any goods or services offered by Franklin Energy or any other third party. The selection, purchase, and ownership of goods and/or services are the sole responsibility of the customer. TEP makes no warranty, whether express or implied, including the warranty of merchantability or fitness for a particular purpose, of goods or services selected by the customer. TEP does not endorse, qualify, or guarantee the work of you as the contractor and Trade Ally, Franklin Energy or any other third party. Eligibility requirements apply; see the Program conditions for details.

Residential Insulation Program

Application Form

Tucson Electric Power offers residential customers up to \$1,000 for the purchase and installation of attic/roof insulation at a residential premise when using a licensed insulation contractor.

Program Eligibility

To participate in the program, you must:

- Be a TEP residential customer.
- Install insulation at a residential home.
- Use an insulation contractor with a Residential Contractor License in the state of Arizona.
- Install accepted insulation.
- Currently have less than an existing R-19.
- Install new insulation greater than or equal to a total of R-38.
- Include the invoice for the work completed.
- Agree to the terms and conditions of the application, including inspection of work.

How to Submit Your Application

Submit a completed rebate application form with the following:

1. Copy of the original invoice/receipt that includes pre and post R-values listed.
2. Photo documentation of pre-existing R-value taken next to a ruler.
3. Photo documentation of post installation R-value taken next to a ruler.
4. Send application with required attachments to TEPtradeally@franklinenergy.com, or submit electronically via the Contractor Portal.

If Rebate is transferred to the contractor, both customer and contractor must sign application.

Rebate Amount

Insert insulated square footage quantity in the Calculated Rebate column below and select Insulation Type above.

INSULATION IMPROVEMENT	INSULATION REBATE	REBATE (A)	INSULATED SQUARE FOOTAGE (SQ. FT.) (B)	CALCULATED REBATE (A X B)
≥ R-38, no existing insulation	\$0.40 per square foot up to \$750	\$0.40		
≥ R-49, no existing insulation	\$0.75 per square foot up to \$1,000	\$0.75		
≥ R-38, some existing insulation	\$0.30 per square foot up to \$500	\$0.30		
≥ R-49, some existing insulation	\$0.60 per square foot up to \$750	\$0.60

Residential Insulation Program

Application Form

TERMS AND CONDITIONS

- To qualify for rebates, the customer must meet the following requirements:
 - Must be a TEP customer.
 - Must be a residential customer.
 - Must use a licensed insulation contractor that is licensed to work in the state of Arizona.
 - Must fill out the application for rebate.
 - Must include the invoice for the work completed.
 - Must agree to the terms and conditions of the application including inspection of work.
- The qualified insulation must be purchased and installed by December 31, 2024.
- Contractor must submit a copy of the original invoice/receipt that includes pre and post R-values listed.
- Submit complete application within 30 days of project completion.
- Receive your incentive check within 6 to 8 weeks of Final Application approval.
- Flat-roofed homes: Insulation added to the roof deck will qualify for incentives when the attic space is converted into an unvented, conditioned space. Insulation in the existing attic must meet program requirements. If contractor converts existing attic space into an unvented, conditioned space, description of work must be stated on invoice.
- Rebates will be processed and paid on a first come, first served basis. Rebate will be processed in approximately 6 to 8 weeks. Terms and conditions are subject to change without notice.

Acknowledgement

By signing this application, I hereby certify that:

- All information provided here is true and correct and that I am the owner/occupant of the home in which the insulation is installed.
- I have read all terms and conditions and accept that TEP has the right to inspect the insulation listed on the attached receipt(s).
- I acknowledge that the TEP rebate program is a limited offer and is subject to the availability of funds, and that rebate amounts may change without notice.
